

Key Recall of Facts – Year 2

I know the multiplication and division facts for the 2 times table.

By the end of term 3, children should know the following facts. The aim is for them to recall these facts **instantly**.

$$2 \times 1 = 2$$

$$2 \div 2 = 1$$

$$2 \times 2 = 4$$

$$4 \div 2 = 2$$

$$2 \times 3 = 6$$

$$6 \div 2 = 3$$

$$2 \times 4 = 8$$

$$8 \div 2 = 4$$

$$2 \times 5 = 10$$

$$10 \div 2 = 5$$

$$2 \times 6 = 12$$

$$12 \div 2 = 6$$

$$2 \times 7 = 14$$

$$14 \div 2 = 7$$

$$2 \times 8 = 16$$

$$16 \div 2 = 8$$

$$2 \times 9 = 18$$

$$18 \div 2 = 9$$

$$2 \times 10 = 20$$

$$20 \div 2 = 10$$

$$2 \times 11 = 22$$

$$22 \div 2 = 11$$

$$2 \times 12 = 24$$

$$24 \div 2 = 12$$

They should be able to answer these questions in any order, including missing number questions

e.g. $2 \times \bigcirc = 8$ or $\bigcirc \div 2 = 6$.

Key Vocabulary

What is 2 **multiplied by** 7? What is 2 **times** 9? What is 12 **divided by** 2?

Top Tips

The secret to success is practising **little** and **often**. Use time wisely. Can you practise these key facts while walking to school or during a car journey? You don't need to practise them all at once: perhaps you could have a fact of the day.

Use what you already know

If your child knows that $2 \times 5 = 10$, they can use this fact to work out that $2 \times 6 = 12$.

Test the Parent – Your child can make up their own tricky division questions for you e.g. *What is 18 divided by 2?* They need to be able to multiply to create these questions.

Online Support– Go to My Maths and explore the games available for Year 2. Also, search on YouTube for songs and chants to help learn the facts.
