

Medication in School: Advice for parents

As per school policy, medication can only be administered in school if it is prescribed by a doctor with clear instructions.

The Office will no longer be receiving medication from parents, and we ask that parents give medication directly to a designated member of staff when they drop their child off at school, together with a completed green form. Green forms can be collected from the office or printed from the website as normal. The designated members of staff also have copies available.

Members of staff in each area of school are assigned to be responsible for medication, and they are available at the beginning of the day to discuss your child's medication and will make sure that the medicine is stored in the correct place.

Designated members of staff for medication

EYFS- Deb Pentlow

KS1- Karen Randall and Karen Doyle

KS2- Elaine Stapleton and Lahoma Morgan

If these people cannot be found P Hale or K Sharp can help

If any child is prescribed any form of permanent medication to be taken in school, then a meeting is required with Mrs Sharp to review medical needs.

Thank you for your ongoing support. If you have any questions, please contact Mrs Sharp.
